Hello!

Dear READ International,

It is our hope that you are doing fine.

On behalf of the entire school of Bulamba Secondary, I would like to forward a word of thanks to you for being visiting us. It should be remembered that you visited our school last year and you gave us lot of teaching and learning materials; unexpectedly; really it was like a dream or a miracle but an actual thing. Surely if it wasn't your arrival we couldn't have reached this point because right now teaching and learning has changed and become easier for both sides – teachers and students. May the Almighty God continue blessing you and keeping on with this spirit of helping us even in other aspects relating with quality education so we can be able in eradicating ignorance as one of the worst enemy in our country.

Furthermore we are requesting you to consider us in assisting the school development programmes as mentioned on our feedback form copy.

The school will be grateful when you make another visit; You are mostly welcome at Bulamba Secondary School. “(KARIBU SANA)”.

With thanks,

Edwin J. Tillya

Senior Academic Master.
